

January 13, 2008

Dear Uzi Ovadia & the entire Oz family,

Tony and I would like you to know how positive our experience was working with you all.

We had heard so many horror stories from friends and co-workers about their negative experiences with contractors. Ours was the exact opposite. It was such a pleasure and we are absolutely thrilled with the results. Our kitchen, bath and foyer look better than we ever thought possible. The workmanship done by all involved was excellent. Everybody was a pleasure to deal with. We wouldn't consider any other company but Oz to do any other work in our home. We have highly recommended you to several people who are planning to redo their kitchens.

Thank you again for your outstanding work and making our renovation such a pleasure.

Sincerely,

Patti & Tony Schmidt
